

Sexual Energies School

Balancing your energies and
free yourself from abuse and manipulation

A few years ago we attended Tobias' Sexual Energies School (SES), which turned out to be one of the most intensive and healthful workshops for us. Our life - also as couple - has changed in such a positive way since then that we still recommend SES for everybody. And there is at least one more reason now to gift yourself with SES: The brandnew update with channelings from Adamus Saint-Germain.

Since the making of the original SES in 2006 there has been a lot of transformation in the consciousness of us and in the world. With his inputs Adamus brings SES up to date. "He extends the whole subject into another dimension", one of our attendees has stated recently.

For those who don't know SES yet: Don't get caught up by the title. SES is not really about sex, but about balancing the female and male energies in yourself in an easy but very profound way. The imbalance between these archetypal energies causes a lot of problems in our lives and in our relationships. It can cause lack of joy, feelings of guilt, energy stealing, manipulation and abuse in your life. Sex may play a role as one kind of manipulating energy.

The workshop still includes the core channelings by Tobias that provide a deep understanding and wisdom about the roots and the dynamics of this imbalance, about physical, psychic, emotional and sexual abuse, that most of us have experienced in some way or another. You get to know how to use your self-love as a source of power and to balance your energies in an easy way. In the update new channelings and guided exercises by Adamus are added each day. These also include a segment with questions and answers, which might well be regarded as legendary...

This school is strongly recommended

- if you have experienced any kind of manipulation or abuse.
- if you wish your energies really to be balanced.
- if you are dealing or working with people, whose life has been affected by abuse or manipulation of any kind.
- for everybody, who really wants to change his/her life...

Beside the content there is an intense energetic process unfolding during the workshop, which allows a profound personal experience in addition to the spoken words.

If you like to feel into the energies of this workshop: you find a short intro-video with german subtitles here <http://www.youtube.com/watch?v=lexhrPuRx6s>.

Seminar language is German, also English if necessary. The workshop includes channeled sessions from Tobias through Geoffrey Hoppe. The channels are on DVD in English language with German subtitles. Each participant will receive a transcript in German (or alternatively in English on request).
